ONE of the most obvious arguments in faour of the much-needed reform in Hongong by the establishment of a Town Countil, is the want of dignity which appears in the aspect of a Legislative Council, headed. by the Governor, of the Colony taking into their consideration matters of mere town detail. The discussion the other day with reference to the erection of mat-sheds forms an illustration of this principle. No doubt the matter is one of some interest, and the community are indebted to the Hon. Mr. ROWETT for taking the trouble to bring i forward. But it must have occurred to most people, who read the report of the proceedings at the recent Logislative Council meeting, that the subject was scarcely one in accordance with the dignity of a legislative body. A TRAFALGAR-SQUARE MEETING. Last night, at 8 o'clock, a considerable number of people assembled in Trafalgarsquare, attracted by the following adverticement, which bad appeared in some of the Landon papers last week .- " Slavery in England - A public meeting of Slaves will be held in Trafalgar square, at 8 o'clock, on Monday ovening, June 27 (to be continued weekly), whom a Poor Slave will take the chair, root, and both curable by the same medicine, and explain the means by which slavery may be that great deturgent, Butston's SARSA PARILabolished in England." As no one appeared to take the chair, those assembled began to look upon the proposed meeting as a hoar and gradually to disperse. At 9 o'clock only a few uragglers were left in the square. TERRIBLE ACCIDENT, The Great Northern line bas just been the scene of one of the most terrible and extraordi. pary acuidents on record. A heavy excursion truin, crowded with passengers, has been, to use an A murienz expression, completely "wrecked," and of its living freight at least one teath suffered death or injury more or less grievous. Sixteen persons were killed ontright. Of the wounded we have hardly yet, perhaps, received a full account. We have called this disaster "extraordinary," and we must needs say that in some way, broken Nature's laws. Your Sicknever in our experience of such catastrophes have we met with any instance of fatality so strange. At the same time, there is really nathing mentarious or inexplicable about and up under the Shoulder-blades-your Indithe occurrence itself. That it should have happened, as it did, against a milion chances to the contrary is indeed, astonishing, but no obscurity rests upon either the Stomach—the Pimples, Roughness, and event or its causes. On Monday morning Blotches, on your face, neck, and arms—all these. (June 20th), an excursion train left Leeds, Bradford, Halifax, and York for London, timed within the day for the up and down journey. It consisted of 23 carriages, carrying between them 389 passengers and it arrived duly in townut 8.30 n.m.; and was despatched duly on its ru, turn at 9.20 p m. Safely and swiftly did it run to within a short distance of Newark, when it meta goods train. At the very instant when these two trains were approaching each other on their res. pective lines, the axle of a goods waggon suddenly snapped, and that waggon was thrown off the up and on to the down live, dragging with it all the waggons behind it. Into this mass, thus instantaneously piled up in front of it, the excursion train dashed at full speed, and with results horribly destructive. The ponderous engine was tossed clear of both mile by the shock, while the carriages immediately fellowing it were thrown one supon another, the three foremost being shattered to pieces. The driver was killed on the spot; his fireman passengers also perished on the instant; of the wounded it is yet almost too early to speak. Such, in a few words, is the history of this unexampled accident. Times.

Why are you sick? There must be a cause Nature never intended that we should pass, as many do, nearly one half of our lives in bodily pain. Thus it becomes evident that you have, be dache, your Nervous-headache, your Biliousbendache, Liver Complaint, Pain in the Side, gestion, Sour Stomach, Flatulency, and Heartborn-your Costiveness, Piles, Sickness at the and many other troubles and feelings of illuess. are simply evidences of the fact that you have broken the laws on which Nature bases the bodily ease, comfort, health and strength of the human family; and the chances are as a bundred to one, that unless your system gets prompt aid; your trouble will go on increasing and gradually getting worse, until it is beyond human help. The point of great importance. then, is to obtain the proper remedy-some thing that will oure safely, and not by violent action or corroding influence jeopardize the health it is intended to restore.
